

# SCREW COMPRESSORS

# SCREW COMPRESSORS

From 3 kW to 500 kW

- + Maximum reliability in continuous operation
- + Minimise your operating costs with energy-efficient compressors
- + ALMiG probably has the most comprehensive range of screw compressors on the market
- + The right drive concept for any application

## Compact and cost-effective

COMBI series  
5,5 – 22 kW

p. 14

## High performance with direct drive

DIRECT series  
37 – 315 kW

p. 22

## Compressor output with endurance

G-DRIVE and V-DRIVE  
30 – 75 kW

p. 6

## Best efficiency in class

G-DRIVE T  
90 – 250 kW

S. 10

## Powerful and versatile

BELT series  
4 – 37 kW

p. 18

## Compact, quiet and powerful

**FLEX series**  
5,5 – 30 kW

p. 30

## Oil-free compressed air of outstanding quality

**LENTO series**  
15 – 130 kW

p. 38

## High delivery volume that packs a punch

**GEAR series**  
30 – 500 kW

p. 26

## Energy savings with SCD technology

**VARIABLE series**  
16 – 355 kW

p. 34

# Parts for Air Compressors

AIR OIL SEPERATOR

BUSHING / BEARING

FILTERS

LUBRICANTS

VALVES & PARTS

CONNECTING RODS

SEALS

COUPLING

FAN

PISTON

HOUR METER

BELTS

SOLBERG

MISC PARTS

AIR MANIFOLDS

AIR EXHAUST MUFFLERS

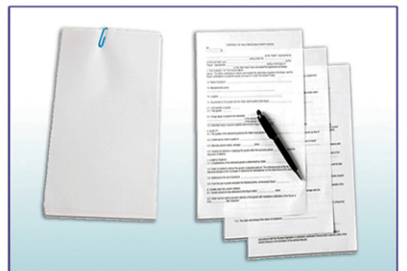

**We Also Offer**  
**All Makes All Models**  
**Roatry, Piston & Screw Compressors**
